THIRD BANGLA OLYMPIAD

International Turkish Hope School has been operating in Bangladesh in 8 different branches in Dhaka, Chittagong and Bogra since 1996. ITHS had organized Third Bangla Olympiad as a tribute to International Mother Language Day on February 25, 2013 at its Uttara Main Campus between 14.00 and 16.00 hours.

Third Bangla Olympiad was divided in 2 levels - Junior Level (Class 1-5) and Senior Level (Class 6-12) and in 6 categories: Essay Writing, Story Telling, Poem Recitation, Quiz Competition, Painting, Singing by Bangladeshi and Foreign Students.

The programme had been honoured by the participation of Mr. Arefin Siddique, Vice Chancellor of University of Dhaka as Chief Guest, Mr. Adnan Ozturk, Deputy Chief of Turkish Embassy in Bangladesh as Special Guest, Mr. Fikret Cicek, President of Turkey Bangladesh Chamber of Commerce and Industry and many other distinguished guests.

As promised in 2011 at the first Olympiad to maintain its continuation in the coming years, this year again we arranged our third Bangla Olympiad. Olympiad is a regular celebration of cultural exchanges and performances through contests, in order to keep the culture and morals alive. Like the previous year, this year also we dedicated the programme to The International Mother Language Day, and the solemn month of February.

Bangla is one of the ancient and rich languages of the world. The origin of Bangla language is deep rooted.

It's for centuries there has been brilliant literature made on this language, so that it has some permanent value to the literate society. And very naturally the poems, songs and other forms of art and cultural activities in this language have tremendous effect on the people who inherit this language.

However, very recently all over the world, it has been observed that children are not very sensitive about using their mother language. So our duty is to create an atmosphere where students get a friendly environment to be more acquainted and attached to Bangla language and also improve their knowledge regarding this language. There are many poems, songs, essay, other articles written in Bangla which are either getting extinct or not much known to all. But when events like this take place they are rediscovered, and get known to the mass. That is the moment when kids and adults both come to know and get to love the richness and value of the language.

Honourable Principal of I.T.H.S. Mr. Bedrettin Suata

Honourable chief guest Mr. Arefin Siddique, Vice Chancellor of University of Dhaka, respected special guest Mr. Adnan Ozturk, Deputy Chief of Turkish Embassy in Bangladesh, my colleagues, parents and students. I express my cordial welcome to everyone present at the Bangla Olympiad 2013. Especially, I am very thankful to our chief guest who has always been very generous to accept our invitation and give us his precious time from his busy schedule.

Patriotism is a universal virtue. It has always been a significant quality in all great humans. People of Bangladesh proved themselves to be the greatest amongst all the patriots of the world in 1952 by fighting for the mother language till death. I salute all martyrs of the language movement of that time. This sacrifice for Bangla is not only a victory of a single mother language but a collective lesson for speakers of all languages. Today, throughout the world 21st February is celebrated as The International Mother Language Day.

International Turkish Hope School has always been engaged in celebrating this special occasion in such manners that teach the young generation the value of this virtue. It not only is a way to show respect to the martyrs but also creates an opportunity to develop the same patriotism in all students who are going to lead the future.

I would like to thank all the teachers who worked really hard to make this Olympiad a great success. Congratulations to all the participants of different competitions who have shown strong efforts by winning the first, second and third places.

Wish you all enjoy this programme throughout. Thank you.

Prof. AAMS Arefin Siddique - Vice Chancellor of University of Dhaka

Honourable Chairman and Principal of International Turkish Hope School Mr. Bedrettin Suata distinguished guests, respectable teachers, dearest students and all present here, warmest regards. It was great joy and pride, that in the solemn month of February Third Bangla Olympiad was held at prestigious to commemorate the International Mother Language Day.

I've observed that the students of ITHS sang, danced and acted so nicely one after another. I must acknowledge that the relationship between Bangladesh and Turkey is an old one and we've real close tie between the two nations. On this occasion I can`t help but remember the famous poem written by our national poet Kazi Nazrul Islam on Kemal Ataturk (Mustafa Kemal Pasha), founder of modern Turkey. Today, I would not take so much of your valuable time. In short I would like to say that each and every language is very important and I express my heartiest gratitude to ITHS Managing Committee for arranging this beautiful programme. The message that this month carries that each and every language bears equal importance, is very well conveyed through recitation, songs, dance etc.

Ladies and gentlemen, I am very impressed by the presentations of this afternoon. The boys and girls of ITHS made superb performance that deserves special regards. I would especially like to mention the show of the foreign students who sang so nicely in correct Bangla pronunciation and in perfect melody.

It was just amazing how the young foreign children could sing so nicely! So I mentioned the Principal and Chairman of ITHS Mr. Bedrettin Suata that the teaching faculty of this school is very culturally oriented. Although today's world is divided in different geographical boundaries; there are various languages spoken at different territories, economical zones and diverse cultures. But mankind is one. Our soul is one. That's why when our foreign students were rendering Bengali song no one could differentiate that they were not Bangladeshis. This is the strength of language. This very 21st February is declared as International Mother Language Day and observed throughout the world.

So, I again thank the school, Turkish Embassy in Dhaka, special guest Mr. Adnan Ozturk Deputy Chief of Turkish Embassy. and all the faculty members for this beautiful afternoon, I hope the relationship between Bangladesh and Turkey will be stronger in the coming years. Joy Bangla, joy Bangobandhu

Mr Adnan Ozturk- Deputy Chief of Turkish Embassy in Bangladesh

Two days ago, I attended the ceremony to commemorate language day in order to observe and pay respect to such an important event. I saw thousands of people waiting outside ceremonial area in the middle of the night which shows that although 61 years have passed yet Bangladesh still remembers the cost of freeing Bengali language. And I believe that people of Bangladesh will always protect their language. Today, we are gathered here with the power of Bangla. I know that Turkish Hope School is one of the most successful schools not only in Bangladesh but also in South-Eastern region.

Students in ITHS are taught three languages Turkish, English and Bangla. ITHS started to organize Bangla Olympiad to strengthen ties between languages. Today, we watched foreign students who performed in Bangla language. I hope such kind of events will further improve our cultural bilateral relations. Thank you all for coming here and attending this organization.

Mr. Fikret Cicek, President of Turkey Bangladesh Chamber of Commerce and Industry

President of Turkey Bangladesh Chamber of Commerce and Industry, Mr. Fikret Cicek gave his speech in Bangla.

Deputy Chief of Turkish Embassy in Bangladesh Mr. Adnan Ozturk with the winners of various categories
