Introduction

In tribute to all martyrs of 1952and International Mother Language Day, every year International Turkish Hope School celebrates the International Mother Language Day by organizing a Bangla Olympiad.Earlier, till last year this occasion had been celebrated in its own yard.

This is the first year the school organized an inter-school competition on 15th February where twelve different institutions with a total number of eighteen separate branches participated in four different categories - Music, Poem Recitation, Drawing and Essay Writing. Around two hundred and fifty talented competitors competed in that day-long program. On 22nd February, Saturday at afternoon the Award Distribution Ceremony of this 4th Bangla Olympiad was held.

The spontaneous participation of all schools and enthusiasm of the participators have brought the events the expected success.

BedruddinSuata, the Chairman and Principal of the institution inaugurated the event with a warm welcome note.

Honourable Primary and Mass Education Minister Mostafizur Rahman Fizer was present in this grand program as the Chief Guest who distributed the awards to the winners.

Principal's Speech

Honourable Chief Guest, HE Minister of Primary &Mass Education Mostafizur Rahman Fizar,distinguished guests, ladies and gentlemen. A very warm welcome and good afternoon to all.

I am very glad that our chief Guest has generously accepted our invitation, taking the time from his hectic schedule and gracing us with his presence.

It is an immense pleasure and honour to welcome you to the Fourth Interschool Bangla Olympiad.Having such an exceptional group of people who have a deep respect for their mother toungue with pride is truly an honour. Today's event has brought the people together who share this mutual feeling.

It is a great pleasure tonote that the Bangla is the 7 th most spoken language by native speakers, covering 3 %(three percent) of the world's total population. This indicates the significance of a language as a marker of the identity of a nation.

The Bengali language has become such a great influence that the United Nations has declared the 21st February as Internatinal Mother Language day in 1999, a day that is being observed on an annual basis by different countries throughout the world by various programmes with enthusiasm.

It is a matter of pride and glory for the Bengali nation that the World celebrates Bangladesh's victory in their struggle to liberate their language.On this day, the people of 192 nations have promised to converse only in their mother tongue like the martyrs of Bangladesh had done nearly 4 decades ago.

This has inspired us to organize Bangla Olympiads for the previous three years among International Turkish Hope School branches. This year, the Olympiad has expanded into an Interschool Competition, the response was truly overwhelming.

The students of reputed schools have contested in different categories such as Drawing, Singing, Essay Writing and Poem Recitation displaying their talents in their mother toungue. Their praiseworthy efforts should be recognized and all the participating students should be encouraged to continue their endeavors.

Once again, I would like to thank organizers, juries, teachers and participants for their outstanding performance in making our day significant.Their tireless efforts were rewarded with the excellent works displayed today. The cooperative accomplishments of all participantshas made this event a truly rewarding experience and made us to realize the significance of language.

I hope you will enjoy the programme.

Thank you

Chief Guest's Speech

Thank you very much for inviting me to this wonderful program.I have enjoyed a splendid program-a really marvelous one I should say.

If I would not attend,I would never understand that an amazing program like this is being organized in our country.It is the month of language. In memory of all martyrs of the language movement this day has been very special to me.
We have found this country with the cost of a lot of blood.I was lucky to attend the liberation war in 1971.

I believe our country has developed a lot since its birth. I also believe our children of today will take this country to even higher position which we dream of.International Turkish Hope School will surely play an important role in achieving that goal.
We all will work together to take our motherland to the pinnacle of development for what our three million martyrs sacrificed their lives.

Thank you all. Long live Bangladesh.

Day of competition- 15th February'2014
