# Principal's Message

Today, we are here to acknowledge and celebrate the success of the students who performed outstandingly in the 5th Inter-School Bangla Olympiad.
The Bangla Olympiad is an annual Inter-school competition arranged for the students to nourish their interest and intellect in Bangla. This year a total of 938 students from 31 schools participated in five categories: Singing, Poem Recitation, Essay Writing, Dance and Drawing.

We are glad to see the increase in the number of participants every year. We are hoping that the representation of Bangla language and culture will be more visible on multiple international platforms and we are also hoping to organize an International language and culture festival in Bangladesh by inviting the students from all over the world in the coming years.

We anticipate that this activity creates awareness for the vibrant Bangladeshi culture and helps the participating students develop their language skills. We also anticipate that the Bangla language is being promoted in Bangladesh and beyond its borders, to ensure that Bangla maintains its place as a language of choice for citizens of Bangladesh.

We want to emphasize the necessity to appreciate a language that was fought for by a nation. Many have given their lives for the Bangla Language to be spoken, read and written by the people. Language is not just utterance of sound; it is the tool for communication, a significant aspect of national identity and a representation of culture, arts, academia and history of a nation. Essentially, we would like to draw the attention of the youth towards the importance of Bangla Language, as a matter of fact if the students don't understand and respect their own language they can hardly respect another language.

In the solemn month of February, the 5th Bangla Olympiad is being held here to commemorate the International Mother Language Day. I salute all martyrs of the language movement who had sacrificed their lives in 1952. This sacrifice for Bangla is not only a victory to a single mother language it highlights the impact and significance of a language to its people. That is why today throughout the whole world 21st February is celebrated as the International Mother Language Day.

It is an immense pleasure to have all the Principals, Coordinators, Awardees and their parents in this event and make this event such a success. I would like to thank all the teachers who worked really hard to make this Olympiad a success. Congratulations to all the participants of different competitions for their great effort, dedication and securing the first, second and third position.

I would also like to extend my sincere thanks to the Judges of the 5th Bangla Olympiad. It was extremely a challenging task to select the best performers among 938 well- talented participants. The coordinators of the event have requested me to increase the number of awardees to appreciate their performances. So that, we have decided to award 105 outstanding students for this event.

Once again , I congratule all the winners of The 5th Inter-School Bangla Olympiad for their outstanding success and their teachers & parents for bringing up these shining talents..

Thank you.

# Chief Guest's Speech

The date, 21st February was chosen as the International Mother Language Day. This was one of the rare instances in world history where people fearlessly gave up their lives for the sake of their mother language. The resolution was put forward by Bangladesh at the initiative of then Prime Minister of Bangladesh Sheikh Hasina. Later International Mother Language Day was proclaimed by the General Conference of the United Nations (UNESCO) in November 1999. The historic 21st February has, thus, assumed new dimension. Henceforth, the 21st February is observed as the International Mother Language Day. I am very delighted to see that ITHS has organized Bangla Olympiad in tribute to Mother Language.

In the month of February when we remember the language movement, we become frustrated. We think whether our generation is being misled or they will love their mother language. We are concerned if they are growing in a proper human being or their prospect will be in jeopardy in this learning atmosphere. Their uncertain future has baffled us.

But we become optimistic when we see schools such as yours holding such programs that honor the mother tongue. We are immensely delighted to find that International Turkish Hope School has organized such exceptional programs. I also hope that other schools in the nook and corners of the country will fell encouraged to do the same for our country. We believe that they will organize many such programs to commemorate the martyrs who sacrificed their lives to uphold the dignity of their Mother Language. Thus they will pay due honor to the mother language.

I feel relaxed and hopeful for our future when we see the sense of patriotism among the young generation. I am very impressed to see the presentation of the adolescents in the 5th Bengali Olympiad. I was taken aback when I see a tiny girl renders a song about the war of liberation and a teenaged girl recites a self composed poem about a war child. Then I regain hope to shape my country anew. We have achieved independent Bangladesh by dint of blood shedding struggle. We salute our heroes sacrificed their lives and blood to free our land. We have to remember those valiant heroes who had sacrificed their lives for the liberation, for giving us a flag and country of our own called 'Bangladesh 55000 square kilometers. We have built our dream Bangladesh. We have to remember the history of liberation and Father of the Nation Sheikh Mujibur Rahman who led the liberation war. We have to pay deep respect to the martyrs of language movement. In addition, the contribution of four leaders for Bangladesh cannot be ignored

Anyways, I appreciate all those who contributed to the program including the adjudicators, principals, teachers and management committee. So many people have contributed in so many ways to turn this event into a smoothly running one with many very beautiful performances and a very good atmosphere for discussion.

I would like to sincerely thank you for your professionalism and this exceptional arrangement.You are a great team. Turkey is a Muslim country and they are our good friend. The result of all your hard work and dedication is evident in the successful outcome. Our Foreign Ministry will lend its helping hand for any assistance or support you need. I wish your glorious success in years to come. And, finally thank you for the pleasure and privilege of experiencing this program with all of you.

I would like to thank the Principal of the International Turkish Hope School, the Teachers, the Admin staff, the Management Committee, and the school governing body for establishing this institution in Bangladesh. Furthermore, I congratulate them for organizing an event of such caliber: the Bangla Olympiad. The core of organizing this event remains a subject that's very significant for all Bangla speakers and very close to the hundred and sixty five million people of Bangladesh. I applaud the ITHS for the tremendous effort they have put by providing quality education for the future generation of Bangladesh. It gives me immense pride to see that here is an institution that provides education along with organizing cultural activities that recognize the talents of our youngsters. Recognizing their talents in our beloved mother tongue, Bangla, despite the fact that they do conduct their education primarily in English where they learn English as a foreign Language. Bangla not only the mother tongue, it is the Language that we feel comfortable speaking and expressing ourselves. Emphasizing the practice of Bangla on this momentous day will allow future generation to learn the history of Bangladesh. I believe that the school is on the right track and right path by providing an excellent atmosphere for the students to practice their mother tongue which will instill a sense of pride in their national identity. Finally, I would like to congratulate the organizers and everyone associated with today's event which includes all the Judges, all 31 schools, 44 campuses and 938 students who participated, congratulations once again to the winners not necessarily the first, second and third winner but all the participants who have demonstrated their potential.

# Special Guest's Speech

Honorable state minister, Ministry of Foreign Affairs, Md. Shahriar Alam M.P.

The Principal of International Turkish Hope School Mr. Bedrettin Suata, invited guests ladies and gentleman, I would like to thank you very much for inviting me on such a wonderful event. I am so delighted to know that International Turkish Hope School celebrates International Mother Language Day by organizing a Bangla Olympiad to give a tribute to all martyrs from 1952.

It is a matter of time and glory for our nation that the world celebrates our mother language as an International Language. I was highly encouraged by realizing how much this event can put impact on our young children. I am sure that is an excellent opportunity for them to get closer with Bangla Language and become enriched with our own culture. In this age of globalization, we need to know different languages however here is no alternative in learning the mother tongue. This is the root of all learning and that is why I appreciate such a wonderful program a lot.

This Olympiad will prepare our children to become a proud citizen of the nation. Turkish Hope School Bangla Olympiad, although, I understand that the students of different schools are engaged here, which again is much appreciable. Through this program, a large number of students are getting closer to our own culture and history which will enable them to enrich culture more thus move our country forward. Besides, such program is helpful for them to learn, to work in a group and cooperate each other.

Moreover, such program will build leadership among the students. I wish a bright future for my dearest students. Finally I would like to draw the attention of all the participants that please always keep it in your mind that we have a gracious and glamorous heritage of long two and half thousands years and I would like to end my speech with The sayings from our renowned poet Syed Shamsul Haque's poem..

I have come leaving behind thousands of footprints
Inquire me 'for what inspiration thus far?'

Perhaps, I reckon that you didn't hear the history of the Bengali Nation
"There's no bigger truth than the people."
We are together, we'll live together, we shall remain together.
We shall erase all boundaries that divide us and etch images of unity.

Bengali is my identity, I possess a prideful history-
I have never feared any rising sword.
I have fought with the enemy, existed with the dream of living;
Sharpened my spears and harvested my crops;
With the same smile played the flute, faced the gallows;
I have never relented-This is my story.
